

Nominations are now open for

The *LUCAS FOUNDATION AWARD* in recognition of outstanding care and support from an individual in the medical fraternity.

The award recognises the significant contribution that Doctors, nurses, allied health workers and any medical practitioner or individuals who works within the health industry contributing to the health and wellbeing of others in the community.

Bree Bailey, Mum to Lucas Whitelegg and one of the Founders of the Lucas Foundation, said "Many medical professionals play an important role in our society and can make a lasting difference to the lives of individuals, families and communities, through their professionalism compassion and kindness."

"I gained so much strength through the love, kindness and holistic care that was given to me and shown to our family and friends, during such a prolonged and harrowing time; it is only through this overwhelming kindness that I was able to maintain my own wellbeing. Every special event, moment and milestone was considered. One special person included a porter- Harry kindly provided a coffee and a smile every day. It's these sometimes small gestures that are the most needed, It can be the difference from someone doing just their job, or someone who goes over and above to do their job beautifully."

"We are very lucky to have such an outstanding group of dedicated medical professionals from all areas, providing such compassionate care. It is important that we take the time to acknowledge their contribution".

"If you have been touched by such kindness and impressed with the professionalism and dedication of someone please publicly recognise them for the,"The Lucas excellence award."
